Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: The only medication I can obtain for my condition
is compounded medication. This medication can only be obtained
by one pharmacy in the United States that I know of, and
it is not in my state.

Prior to my obtaining this medication I was unable
to walk more than a half block. Currently - five years later -
I am walking approximately 1 mile 3 times a week!
